

ExpressAudit

Reduce Your Shipping Costs, For Free!

Audit each tracking number and invoice to ensure billing accuracy.

ExpressAudit performs the most comprehensive audit in the industry. Our proprietary data research engine will analyze every air-bill, identify and confirm credits with your carriers and electronically deliver an adjusted bill for payment by your company. Through its innovative web-portal interface, ExpressAudit offers state-of-the-art customer service tools that monitor, measure and control all transportation activity. ExpressAudit is a tactical solution that delivers unbiased audit and carrier performance reports.

Our full-featured reporting system audits all activity and alerts you of any possible issues including: rate discrepancies, **dimensional fees**, improper incentives, double billing, residential /commercial adjustments, and unauthorized shipments. With its customizable audit rules, you decide where and how to focus your attention to quickly maximize results. With ExpressAudit you'll have unmatched visibility into all of your shipping activity. ExpressAudit helps protect your bottom line with three-way electronic auditing between actual shipments, carrier invoice and incentive rate contracts. Proven significant cost reductions, providing, carrier performance visibility.

| ROI Matrix | Packages in Sample | Sample Period | Weekly Avg Packages | Weekly Cost | Annualized Packages | Cost |
|--|--------------------|----------------|---------------------|-------------|---------------------|---------------------|
| Invoice transaction count/total shipping charges | 69,952 | \$1,010,820.01 | 3,179 | \$45,946.36 | 165,341 | \$2,389,210.93 |
| | | | | | | Savings |
| Delivered Late | 678 | \$10,003.22 | 30 | \$454.69 | 1,602 | \$23,643.97 |
| Billed but not Shipped | 50 | \$804.35 | 2 | \$38.56 | 118 | \$1,901.19 |
| Lost | 30 | \$472.31 | 1 | \$21.47 | 70 | \$1,116.37 |
| Declared Value for Lost | | \$3,000.00 | | \$136.36 | | \$7,090.91 |
| Damaged | 6 | \$61.59 | | \$2.60 | 14 | \$145.58 |
| Loss Value for Damaged | | \$600.00 | | \$27.27 | | \$1,418.18 |
| Invoice Audit (carrier contract required) | | \$20,216.40 | | \$918.93 | | \$47,784.22 |
| Potential Savings (\$) | 764 | \$11,341.47 | 34 | \$515.52 | 1,805 | \$26,807.11 |
| Potential Savings (%) | 1.20% | 1.12% | | | | |
| Recurring Address Corrections | 97 (19 addresses) | \$872.00 | 4 | \$39.64 | 229 | \$2,061.09 |
| Air to Ground Downgrades | 9,029 | \$110,796.76 | 410 | \$5,036.22 | 21,341 | \$261,883.25 |
| Consolidation Opportunities | 8,394 | \$64,714.57 | 382 | \$2,941.57 | 19,841 | \$152,961.71 |
| Total Annualized Savings Potential | | | | | | \$526,813.58 |

ExpressAudit is a powerful reporting tool, allowing you to monitor, measure, and control all shipping activity, providing quantitative data to identify additional contribution opportunities, and detailed exception reporting.
